Value proposition

Value Proposition: Receipto App

Customer Segment: Potential Receipto Customer

Products and services

- A social scene where friends and users can compete against each other for rewards and a higher leader board ranking
- A tool for tracking spending and providing a granular insight into spending habits
- User friendly interface that offers an intuitive experience
- Provides a personal planet that creates an emotional connection
- Gives the user alternate items to buy that have a smaller footprint
- A reward based system where the user get more points, the more receipts they collect. These can be spent on coupons or donated to charity

Gain Creators

- Get reward points for each receipt collected with the app. These can be used to get coupons or to donate to charity
- Removes paper receipts and harmful chemical from the shopping experience
- A gamified and competitive system where you can compare yourself against other users. Gives a sense of purpose and a rewarding feeling when you have done well
- Items automatically get categorised with AI providing the user with a more accurate and granular insight into their spendings
- Invite more friends and be rewarded with more bonus points per receipt, and a joining on reward

Pain Relievers

- No more waiting for the receipt to print off because it gets sent to your phone when you pay
- Provides a tool to track spending and item categories to reduce time spent managing your budget
- Saves time and effort by suggesting more eco-friendly foods
- Stores all your receipts in a searchable way to make finding and tracking purchases easier

Gains

- Get rewarded for using the app
- No more contact with harmful chemicals
- Quickly see what items i can buy instead to reduce my carbon footprint
- Get my friends involved
- See how i compare to other people on the app
- Better track my spendings and receipts
- More granular categorisation system so i can see a more detailed analytics view
- Help to reduce my carbon footprint

Customer Jobs

- Reduce my carbon footprint to help fight climate change
- Feel more organised with my shopping and budgeting
- Share my contributions with my community
- Get my friends involved in climate change
- Make my eating habits both healthier and greener

Pains

- Waiting for the receipt to print
- Wasting paper with every receipt
- Hard to track my footprint
- Trying to store paper receipts is messy and un-organised
- Hard to track what im spending my money on
- Always lose receipts
- Don't know which foods are more or less eco friendly
- Can't tell how my footprint affects the planet
