Next stage + Risks and challenges

For the next stage of the competition, I would like:

- To be able to use the new Samsung AI for my categorisation process.
- Some assistance with integrating Samsung smart devices.
- Help with marketing campaigns.
- Help with collecting CO2 values for retailers.

Challenges

Get the CO2 values for the items

Partnerships with retailers.

Initial adoption of the idea

Marketing the idea

Integrating Samsung smart devices

Risks

Data protection and privacy laws

Financial regulations

Consumer protections laws
